

## **About Me**

Hello there! I'm Jayavardhan Reddy from Ananthapur, Andhra Pradesh, India. I completed my schooling at Narayana Concept School with a stellar 10.0 CGPA and continued my academic journey for 11th and 12th at Narayana Junior College, achieving an impressive 94.9%. Subsequently, I pursued my Bachelor of Technology at Anantha Lakshmi Institute of Technology and Sciences in the stream of computer science and engineering, graduating with a commendable 7.5 CGPA.

My education has been like a fascinating journey through Mathematics, and it's had a big impact on how I see programming. Beyond academics, I am passionate about Volleyball, and I have actively participated in social relevant projects. I learned a lot from these experiences, and they made me a better person overall.

I am eager to contribute my skills and knowledge to Artificial Intelligence(AI), and I am dedicated to advancing AI in ways that drive positive change. Looking forward to new opportunities and challenges that will further enhance my personal and professional growth.
